**Welcome to  
2nd Grade**

Union Elementary  
School District #62

# 2nd Grade Top 10

What your child should know by the end of 2nd grade

- Add and subtract up to 3-digit numbers with and without regrouping.
- Know place value to 1,000.
- Count coins to \$1.00.
- Tell time to one minute.
- Identify the main idea of a story.
- Fluently read at least 70 wpm.
- Sequence and retell a story using beginning, middle, and end.
- Recognize the elements of a story (characters, setting, problem, solution, etc.).
- Write a paragraph using complete sentences.
- Recognize parts of speech (nouns, verbs, etc.)

**Dear Second Grade Families,**

**We are looking forward to spending the year working closely with you and your child. There is so much to learn and know during this short time in 2nd grade. In order for you to be prepared to the fullest we have created this brochure so that you will become ready and aware of what we will be covering while in 2nd grade this year. We hope that this will help get rid of those “butterflies” that may be in your stomach as you are getting ready to start this fun and exciting 2nd grade adventure.**

**Thank you for your ongoing support!**

**The Second Grade Team**

## Activities to help your child

- Ask child Who? What? When? Where? And Why? Questions about their book.
- You read, child reads, you read together.
- Read a book, more than once it will help your child with fluency
- Quiz your child with flashcards and have them quiz you. (could be good with sight words and math facts, etc.)
  - Create a memory game using math facts, spelling words, and sight words to have your child play after they are done with their homework.
  - Give your child 2 words and have them create a sentence then check for spelling, capitalization, and punctuation.
  - Ask your child to tell you what a noun is. Then ask them to find one around the house. Same with adjectives and verbs.
- \*Ask your school what extra programs are offered on campus that your child will benefit from.**
